

We had a group of professors and students from Moscow State Pedagogical University visit Heathmere yesterday. It certainly was a unique experience and we were very proud to be asked to show them around our school. They were especially interested in how we support children with their social and emotional needs and how we use computers to support learning.

Y6 visit the mosque

The whole of year 6 went to a Mosque, you had to be incredibly quiet. All of us got told amazing facts. The Mosque looked very nice, it was so peaceful. Paige 6J

School Improvement

This week, we have been working on our new assessment model for writing. You may be aware that the government have completely changed the way schools are expected to assess children's learning and we now believe that we have a finalised model to do this. We are also preparing to host 30 new teachers at Heathmere on Tuesday. They are coming as part of their training programme

School Photos

We have a photographer coming into Heathmere on Wednesday to take individual and family photos of the children – please make sure they are smartly dressed for the day!
