

Heathmere Primary School Newsletter

Mrs Mitwali

Mrs Mitwali (Deputy Head) gave birth to another baby boy at the start of January called Arlo. Both mum and baby are well and big brother Robin has adapted to the new baby. I am sure she will bring him to school soon to meet the children. Mrs Mitwali hope to return to work later towards the end of 2022.

Y1 to Wimbledon Common

Year 1 spent yesterday afternoon walking around Wimbledon Common looking for signs of winter. We found red berries, leaves and a little robin bird. Most of the trees' leaves had fallen off the trees and were on the ground.

"I loved seeing the birds; we saw some swans and ducks in the pond." Anayah

"The trees were bare because their leaves had fallen off." Sifen

Children's Mental Health Week

Some children in Year 4 have worked with Kathryn (our Place2Be School Project Manager) to write a song for Children's Mental Health Week. Well done to Aima, Maryam, Riley and Vinnie.

Grow with me, don't be shy,

Grow higher, don't cry.

We're here for each other, every day,

No matter what, we'll find a way.

We have achieved lots this year,

Including goals for Chelsea, give a cheer.

My teacher, my family help me along the way,

Finding our emotions, every day.

This key to happiness,

will always stay.

11th February 2022

School Improvement

This week, the Year 1 team have been doing their phonics assessments. There has been a high priority placed on ensuring that all children are keeping up with the phonics expectations. Half of the children in Year 1 scored 100% on their assessment which shows that excellent progress is being made.

Citizens' Advice

There are 2 appointments available for Citizens Advice Service on Tuesday 22nd February. If you would like an appointment or discuss what support can be offered, please speak with Tracey Green who will be able to give you more information and book an appointment for you. Either phone the office or email her directly: flw@heathmere.wandsworth.sch.uk

Health Questionnaire

Thank you to parents who have completed the Health Questionnaire. If you haven't, we will resend it so please complete. It is really important that we have all of the necessary medical information about your child, in the case of an emergency. If your child has no health issues, please write this on the questionnaire. If you need any assistance, please ask the office.

Uniform

I am aware that several parents have ordered additional uniform and it still hasn't arrived. I am sorry about the situation but at the moment, the school can't speed this up. I hope that the situation will resolve itself once the backlog has been cleared.

Love is Al-ton Around You

See the attached flyer for the latest community event taking place at the pop-up gallery on Danebury Avenue! You can leave a message 2pm – 4pm today or on Monday 14th February.
