

Krista Pound

My name is Krista Pound and I'm the financial specialist within the Governing Body as well as chair of the Resources and Pay Committees. I have been on the Governing Body since July 2014. I'm married with twin boys in primary school in the Clapham area of Wandsworth.

I stopped working in June 2013 but prior to that I spent my entire career with the accounting firm KPMG based in Chicago, New York and London. I am originally from the U.S. where I trained as an accountant and first move to London in 1998 with my job.

I previously served as finance Governor at a different Wandsworth Primary School and also at a local secondary school. I've really enjoyed working with the team at Heathmere to improve the learning environment in order to raise attainment and progress and to provide an inspirational place for pupils to enjoy their overall primary school experience.
