

It was lovely to see so many families take part in our Eid Celebration. We definitely made the best of it, despite the covid restrictions. A particular thanks to those parents who shared food with us all.

Recycling Workshops

Year 1s had an exciting workshop with Wandsworth Recycling Centre last Friday. We learnt about the importance of recycling and ways in which we can help our environment.

*My superhero runs fast to collect litter quickly. Aasiya
I used recyclable materials to decorate my superhero. Antonella*

Year 3 had a 'Reduce, Reuse, Recycle' workshop held over zoom to learn some more about the problem with plastic. This linked perfectly to our topic on 'Ocean Pollution' last term! They found out just how waste affects our planet and more importantly what we can do to help make a difference. We all made 'Plastic Pledges'!

Y3 Greek Day

On Thursday, Year 3 had a Greek workshop. We dressed in Ancient Greek clothing and met a Greek God. We had the chance to hold Ancient Greek weapons and armour, including a real spear! We also took part in an Ancient Greek Olympic Games.

Mobile Phones

I am continuing to spend time sorting out issues with children and their mobile phones. If your child has a phone, please make sure you are aware of what your child is using it for. TikTok is not suitable for primary-aged children – the guidance says for 13 year olds and older.

Please also check your child's WhatsApp settings. At the moment, anyone can add your child to a group-chat and this is not safe for children. You can change this by: WhatsApp-Settings-Account-Privacy-Groups-Change from 'everyone' to 'my contacts'-Done

School Improvement

This week, we have been looking again at our Relationships Education policy and making sure that all elements are being taught. Most of the content is taught through science, computing and PATHS but some elements are also taught separately. If you would like more information, the policy is on the school website.

Roehampton Community Box

As the Heathmere Celebration Hall is being demolished over the summer, the Community Box Hub is moving in the middle of June to Eastwood on Roehampton Lane. There will still be weekly collections available but the organisation of this will change – I will keep you updated.

Rackets Cubed are also looking for someone from the community to work at the hub for 8 hours per week until December. Please see this link for more information.

Clubs

The Year 2 dance club will end on Tuesday 25th May and will move to Year 3 from 8th June. If your child is in Year 3 and would like a place in dance club, please phone or email Judy in the office. There is no charge for clubs at present. All other clubs are the same after half term.

I have also been talking to Orde about re-starting After School Rocks from September. The children are taken to The Alton Activity Centre after school and can stay until 6.30pm. There is a cost for this. We will update you with more details soon.

Local Visits

It has been great to see Year 1 and Year 2 both out visiting the local area this week. Y2 went to Wimbledon Common to explore minibeasts and plants. Year 1 walked around Roehampton to look at environmental issues – they were finding problems and identifying solutions.

	Events	Clubs 3.30 – 4.25pm
Monday 24 th May		Y1 multi-sports
Tuesday 25 th May		Y2 dance
