

Mrs Roxanne McNamara

My name is Roxy McNamara and I am currently a teacher in Year 1. I have been the staff governor at Heathmere Primary school for just over two years. I am on the Curriculum and Standards committee.

I first joined Heathmere in 2014 and have been a teacher for 5 years. I have worked in other schools around East London, but did my training at Roehampton University, so wanted to work at a school close by.

I am also the DT (Design Technology) co-ordinator at Heathmere so I love anything creative and artsy and love sharing my passion for creating and designing with children.
