

As we come to the end of our first full week, it has been a pleasure to see the children so settled and happy to be back at school properly. Thank you to all parents for supporting with this.

Coronavirus Update

I am sure that lots of you are aware that there is currently an increase in the numbers of people across the country testing positive for Covid. There have also been several cases in Wandsworth schools.

Therefore, it is really important that we are all strictly following the guidance:

- Wash your hands regularly
- Socially distance from other people
- Parents are not allowed to enter the school building unless you are invited by a member of staff
- Do not bring children to school if they have a high temperature or a persistent cough

I have written a thorough risk assessment which is available on the school website.

Parental Consent

Some parents have approached the school with concerns about testing your children for Coronavirus without your consent. This will not happen; it is something that school is not allowed to do.

Online Safety

There has been some media attention this week about some very unpleasant material online. Please remember to always be vigilant of what your children are viewing on their phones, tablets or laptops. Make sure your children know what to do if they see anything online that makes them feel uncomfortable. If you need help, I recommend phoning the NSPCC, going to the CEOP website or speak to your child's class teacher, Tracey Green (Family Link Worker) or me.

School Improvement

We are working hard to keep pushing forward with improvements in teaching and learning. This week, I have been meeting with school leaders to work on their action plans for 2020 – 2021. We are going to make sure our new curriculum is fully embedded, purposeful and ambitious for our children's future. We have also been looking at the new requirements around Relationships Education and how this links into our existing curriculum.

PE Days

A reminder that we won't be using PE kits, so children will stay in their uniform. I will let you know when this changes. PE days are currently timetabled for:

Year 1 and Year 2	Wednesdays
Year 3 and Year 4	Tuesdays and Thursdays
Year 5 and Year 6	Tuesdays and Thursdays

Children must wear trainers to school on PE days.

From next week, Y5 and Y6 children will be having an additional tennis lesson every week from the Rackets Cubed team.

Medical Forms

You will be receiving a medical form today so that parents can update school with any medical issues. Please speak to Tracey Green if you need to talk this through.

Universal Credit

If you receive Universal Credit, please make sure that we know this information. The amount of money the school receives is linked to the number of families who receive Universal Credit. Even if you don't need/want the free school meal, having the information helps us claim another £1,300 per child every year. Please contact the office if you are unsure and they will check for you.
